

## Mini –Grant Program

Purpose:

The Mini-Grant Program will provide funds for the enrichment of the educational and extra-curricular programs in the Pope John Paul II High School. These funds are earmarked for programs that would normally be funded by the school's annual budget. Each year, the Alumni Association will make available these funds.

These funds will help push students' learning beyond the regular curriculum. For example, a mini grant might provide the supplies for a classroom project, which the teacher could use. In all cases, individual awards will not exceed \$500. As a general policy, the Alumni Association will not approve any fundraising for prizes. It is our desire to support the faculty, coaches and club moderators.

Mini-Grant Application (in PDF Format)
